## *Debut Styling & Coordination*

Debut is the traditional Filipino coming of age celebration for young women. Customarily we Filipinos love to throw big parties & celebrations. 18<sup>th</sup> Birthday is one of them. Each year debutantes celebrate their birthdays bigger & fancier. From sophisticated to edgy, laidback to vintage, flirty & exciting themes. Ideas keep pouring in as it gets more creative, elaborate & lavish.

Turning 18 is one of the most memorable events of your life and we are as excited as you are to plan and make your dream turn into reality. We understand debutantes have their own ideas but couldn't find the resources on how to make that dream a reality. We are here to help you organize your thoughts, ideas and dream by creating a visual guide and concept board to show you how things will be done and the final look of the over-all set up. This should start at least 6 months before the big day. We want to hear you first and let you fantasize. Then we are going to present our own ideas and styles to match with yours to create and make your event truly an unforgettable one.
